A Couple's Guide to Happy Retirement And Aging Mar 13 2021

"Wise, practical, wryly good-humored, and immensely helpful, this book is a must-read for the millions of boomers entering retirement age."

—Jane Mansbridge, PhD, Adams Professor, Kennedy School, Harvard University A Couple's Guide to Happy Retirement is the most comprehensive book devoted entirely to relationship issues in retirement. Not a treatise on money management, this is a much-needed guide to the psychological aspects of retirement and how to make your retirement relationship happy, fruitful, loving, and successful. Written by a psychologist specializing in work and family issues, and drawing from actual accounts from retired couples, this book helps you prepare emotionally for the dramatic life changes during retirement, coaches you to find new purposes to your life beyond work, nurtures the relationship with your companion to strengthen your friendship and love, explores sexuality after retirement and how you can enjoy each other as much as you did as a younger couple, and recommends strategies to successfully deal with differences around money, time together versus apart, housework, and family relationships. It is crucial that couples prepare themselves and their marriages psychologically for what could very well comprise a quarter of their lives. A Couple's Guide to Retirement shows you how to do that—so that you'll have the time of your lives. "An extremely helpful perspective in meeting the challenge of aging and retirement, young or older." —James I. Ausman, MD, PhD, and Carolyn R. Ausman, BSS, executive producers and creators of The Leading Gen® "A wise, optimistic, straightforward, and practical guidebook . . . I highly recommend it." —William Pinsof, PhD, founder and past president of Family Therapy Institute, Northwestern University

Couples on the Fault Line May 27 2022 Edited by a renowned family therapist, this book brings together prominent marital and family therapists to explore the new challenges and opportunities facing couples and the clinicians who work with them. The volume presents a range of approaches to helping couples reconsider and reorder their life priorities around parenting, marriage, and other stages of life.

The Knot Tied Jul 29 2022 This review of marital customs illuminates the wide range of cultural differences around the world.

Patience: Harvesting the Spirit's Fruit Sep 18 2021 Have you prayed for more patience? Here's your answer! Patience: Harvesting the Spirit's Fruit is one of a series of books designed to lead you into self-inspection by the light of Paul's teaching in Galatians 5. The book will guide you into new depths of faithful Christian discipleship. You'll consider the patience displayed by the Father, Son and Holy Spirit as they create salvation and develop your spiritual character. You'll consider the nature of immaturity. You'll scrutinize the effects impatience has on your personality. You'll reflect on the peculiar quality of patience as you learn how the virtue changes in experience and what makes a Christian's serenity different from the patience of people who don't follow Jesus.

Your meditation will round out with thoughts on the art of being patient.

Couple and Family Assessment Feb 09 2021 The field of family, child, and couple assessment continues to evolve and change since the first edition of this book appeared in 2004. *Couple and Family Assessment, Third Edition*, is a thoroughly revised and updated resource for anyone working with children, adolescents, couples, and families. It provides an in-depth description of an even larger number of clinically useful assessment tools and methods, including issue-specific tools, self-report inventories, standardized inventories, qualitative measures, and observational methods. Each chapter provides strategies for systematically utilizing these various assessment methods and measures with a wide range of family dynamics that influence couples and families. These include couples conflict, divorce, separation, mediation, premarital decisions, parenting conflicts, child abuse, family violence, custody evaluation, and child and adolescent conditions, i.e., depression, anxiety, conduct disorder, bipolar disorder, obsessive compulsive disorder, autism, Asperger's syndrome, and learning disorders that can significantly influence family dynamics. This third edition features the latest, most common and important assessment tools and strategies for addressing problematic clinical issues related to working with families, couples, and children. Chapters 3 through 11 include matrices that summarize pertinent information on all instruments reviewed, allowing readers to instantly compare more than 130 assessment devices. Finally, the book provides extensive clinical case material that illustrates the use of these various assessment tools and strategies in a wide array of clinical situations. *Couple and Family Assessment, Third Edition*, will be useful to both trainees and practitioners as a ready reference on assessment measures and strategies for working with families, couples, and children.

Queering Marriage Jan 23 2022 Over four thousand gay and lesbian

couples married in the city of San Francisco in 2004. The first large-scale occurrence of legal same-sex marriage, these unions galvanized a movement and reignited the debate about whether same-sex marriage, as some hope, challenges heterosexual privilege or, as others fear, preserves that privilege by assimilating queer couples. In *Queering Marriage*, Katrina Kimport uses in-depth interviews with participants in the San Francisco weddings to argue that same-sex marriage cannot be understood as simply entrenching or contesting heterosexual privilege. Instead, she contends, these new legally sanctioned relationships can both reinforce as well as disrupt the association of marriage and heterosexuality. During her deeply personal conversations with same-sex spouses, Kimport learned that the majority of respondents did characterize their marriages as an opportunity to contest heterosexual privilege. Yet, in a seeming contradiction, nearly as many also cited their desire for access to the normative benefits of matrimony, including social recognition and legal rights. Kimport's research revealed that the pattern of ascribing meaning to marriage varied by parenthood status and, in turn, by gender. Lesbian parents were more likely to embrace normative meanings for their unions; those who are not parents were more likely to define their relationships as attempts to contest dominant understandings of marriage. By posing the question—can queers “queer” marriage?—Kimport provides a nuanced, accessible, and theoretically grounded framework for understanding the powerful effect of heterosexual expectations on both sexual and social categories.

The Impatient Woman's Guide to Getting Pregnant Apr 13 2021

Comforting and intimate, this “girlfriend” guide to getting pregnant gets to the heart of all the emotional issues around having children—biological pressure, in-law pressures, greater social pressures—to support women who are considering getting pregnant. Trying to get pregnant is enough to make any woman impatient. The Impatient Woman’s Guide to Getting Pregnant is a complete guide to the medical, psychological, social, and sexual aspects of getting pregnant, told in a funny, compassionate way, like talking to a good friend who’s been through it all. And in fact, Dr. Jean Twenge has been through it all—the mother of three young children, she started researching fertility when trying to conceive for the first time. A renowned sociologist and professor at San Diego State University, Dr. Twenge brought her research background to the huge amount of information—sometimes contradictory, frequently alarmist, and often discouraging—that she encountered online, from family and friends, and in books, and decided to go into the latest studies to find out the real story. The good news is: There is a lot less to worry about than you’ve been led to believe. Dr. Twenge gets to the heart of the emotional issues around getting pregnant, including how to prepare mentally and physically when thinking about conceiving; how to talk about it with family, friends, and your partner; and how to handle the great sadness of a miscarriage. Also covered is how to know when you’re ovulating, when to have sex, timing your pregnancy, maximizing your chances of getting pregnant, how to tilt the odds toward having a boy or a girl, and the best prenatal diet. Trying to conceive often involves an enormous amount of emotion, from anxiety and disappointment to hope and joy. With comfort, humor, and straightforward advice, The Impatient Woman’s Guide to Getting Pregnant is the bedside companion to help you through it.

Infertility, Impatience and Intuition Nov 01 2022 The infertility treatment sector is growing and is undoubtedly an expensive affair. It does not guarantee immediate results and multiple attempts may be required. Medical intervention to conceive through various infertility treatments does not guarantee conception unless it is also backed up by a healthy lifestyle and reduced stress levels. Most young couples are postponing starting a family later in their life. While they strive to strike a balance between their higher studies and financial stability, achieve their personal and professional goals, and strengthen their relationships to become parents, the biological clock keeps ticking. This leads to difficulty in conceiving and an increased infertility rate in young couples. The whole process of conception has become complicated and stressful instead of a joyous one. From a renowned physical therapist and antenatal counsellor with over two decades of experience in handling normal pregnancies, assisted pregnancies and pregnancies involving various risks this book will help couples who are planning a pregnancy or undergoing infertility treatment to increase the possibilities of conception. The tips and advice in this book are practical and effective in today’s hectic life with increased stress levels.

The Couple's Guide to Love and Money Jan 11 2021 We all have expectations about how to spend money, where it should come from, how much is needed for financial security, how important it is, and whether or not we can trust other people to be responsible about money. When these expectations come up against a partner's competing ideas, serious trouble can result. Money conflict is, after all, the most common factor cited as grounds for divorce. This practical and insightful guide helps you and your partner understand your individual money personalities. Its techniques will teach you to successfully negotiate and communicate about money, merge your money management styles, and implement the

right money management techniques to achieve financial freedom together.
