Rosemary Gladstar's Medicinal Herbs: A Beginner's Guide Feb 13 2021 Craft a soothing aloe lotion after an encounter with poison ivy, make a dandelion-burdock tincture to fix sluggish digestion, and brew up some lavender-lemon balm tea to ease a stressful day. In this introductory guide, Rosemary Gladstar shows you how easy it can be to make your own herbal remedies for life's common ailments. Gladstar profiles 33 common healing plants and includes advice on growing, harvesting, preparing, and using herbs in healing tinctures, oils, and creams. Stock your medicine cabinet full of all-natural, low-cost herbal preparations.

National Geographic Photo Basics Jan 15 2021 For digital camera and smartphone users, this easy how-to guide, written by an experienced National

Geographic photographer, imparts the essentials of taking great pictures. This entertaining book from beloved National Geographic photographer and Photo Ark founder Joel Sartore shows aspiring photographers how to take great pictures, from framing and F-stops to editing and archiving. Whether you're using your phone or a DSLR camera, you'll learn the fundamentals of photography--and how to put them to work every day. In a series of short lessons, Sartore explains the basics, from choosing a camera and gear to understanding focus, exposure, composition, and lighting. Using examples from his own work, he applies the basic rules of photography to family, pet, travel, nature, and street photos, and how to get a great shot with the camera on your smartphone.

Throughout the book, you'll find

A Beginner's Guide to the End

Feb 25 2022 "I wish I'd had this book when I needed it.

Death and dying are not subjects that many people are comfortable talking about, but it's hugely important to be as prepared as you can be - emotionally, physically, practically, financially, and spiritually. This book may be the most important guide you could have." - Elizabeth Gilbert, author of *Eat Pray Love* _____ The end of a life can often feel like a traumatic, chaotic and inhuman experience. In this reassuring and inspiring book, palliative care physician Dr BJ Miller and writer Shoshana Berger provide a vision for rethinking and navigating this universal process. There are plenty of self-help books for mourners, but nothing in the way of a modern, approachable and above all useful field guide for the living. And all of us - young, old, sick and well - could use the help. After all, pregnant couples have ample resources available to them as they prepare to bring a new life into the world: Lam

courses, elaborate birth plans, tons of manuals. Why don't we have a What to Expect When You're Expecting to Die book? An accessible, beautifully designed and illustrated companion, *A Beginner's Guide to the End* offers a clear-eyed and compassionate survey of the most pressing issues that come up when one is dying, and will bring optimism and practical guidance to empower readers with the knowledge, resources and tools they'll need to die better, maybe even with triumph.

Old Age Sep 03 2022 Vanity Fair columnist Michael Kinsley escorts his fellow Boomers through the door marked "Exit." The notorious baby boomers—the largest age cohort in history—are approaching the end and starting to plan their final moves in the game of life. Now they are asking: What was that all about? Was it about acquiring things or changing the world? Was it about keeping all your marbles? Or is the only thing that counts after you're gone the reputation you

leave behind? In this series of essays, Michael Kinsley uses his own battle with Parkinson's disease to unearth answers to questions we are all at some time forced to confront.

"Sometimes," he writes, "I feel like a scout from my generation, sent out ahead to experience in my fifties what even the healthiest Boomers are going to experience in their sixties, seventies, or eighties." This surprisingly cheerful book is at once a fresh assessment of a generation and a frequently funny account of one man's journey toward the finish line.

"The least misfortune can do to make up for itself is to be interesting," he writes.

"Parkinson's disease has fulfilled that obligation."

The modular approach of this series, including sample projects and progress checks, makes it easy to learn to use C++ at your own pace.

Lacan Apr 05 2020 Lacan without the jargon! Jacques Lacan was one of the most important psychoanalysts ever to have lived. Building upon the work of Sigmund Freud, he sought to refine Freudian insights with the use of linguistics, arguing that the structure of unconscious is like a language. Controversial throughout his lifetime both for adopting mathematical concepts in his psychoanalytic framework and for advocating therapy sessions of varying length, he is widely misunderstood and often

unfairly dismissed as impenetrable. In this clear, wide-ranging primer, Lionel Bailly demonstrates how Lacan's ideas are still vitally relevant to contemporary issues of mental health treatment. Defending Lacan from his numerous detractors, past and present, Bailly guides the reader through Lacan's canon, from l'objet petit a to The Mirror Stage and beyond. Including coverage of developments in Lacanian psychoanalysis since his death, this is the perfect introduction to the great modern theorist. [Beginners Guide to Clinical Medicine](#) Dec 02 2019

[A Beginner's Guide to America](#)
May 19 2021 A stirring, witty, and poignant glimpse into the bewildering American immigrant experience from someone who has lived it. Hakakian's "love letter to the nation that took her in [is also] a timely reminder of what millions of human beings endure when they uproot their lives to become Americans by choice" (The Boston Globe). Into the maelstrom of unprecedented contemporary

debates about immigrants in the United States, this perfectly timed book gives us a portrait of what the new immigrant experience in America is really like. Written as a "guide" for the newly arrived, and providing "practical information and advice," Roya Hakakian, an immigrant herself, reveals what those who settle here love about the country, what they miss about their homes, the cruelty of some Americans, and the unceasing generosity of others. She captures the texture of life in a new place in all its complexity, laying bare both its beauty and its darkness as she discusses race, sex, love, death, consumerism, and what it is like to be from a country that is in America's crosshairs. Her tenderly perceptive and surprisingly humorous account invites us to see ourselves as we appear to others, making it possible for us to rediscover our many American gifts through the perspective of the outsider. In shattering myths and embracing painful
