Getting the books **Grammatical Error Analysis Of Speaking Of English** now is not type of challenging means. You could not on your own going behind book heap or library or borrowing from your contacts to get into them. This is an agreed easy means to specifically acquire lead by on-line. This online message Grammatical Error Analysis Of Speaking Of English can be one of the options to accompany you taking into consideration having additional time.

It will not waste your time. recognize me, the e-book will totally announce you supplementary thing to read. Just invest little period to gate this on-line proclamation **Grammatical Error Analysis Of Speaking Of English** as with ease as evaluation them wherever you are now.

**A Cybernetic Study of Speaking and Singing** Apr 29 2022 This book presents a detailed investigation of the singing technique that is generally known as the "inhaling the voice" technique. In addition, it explores the usage of vowels in spoken and sung variants, offering advice to singers regarding how they can improve their pronunciation of vowels and consonants, so as to enhance their professional performance.

*TED TALKS: The Official TED Guide to Public Speaking* Aug 22 2021 From the head of TED and based on expertise drawn from the best TED Talks, an entertaining and practical guide to speaking, pitching and telling stories, filled with valuable insight for salespeople, leaders, teachers and writers Amid today's proliferating instant-communication channels, one form has emerged as the most effective way to communicate—a brief, polished, live-audience video talk. Since taking over TED in the early 2000s, Chris Anderson has tapped the world's most brilliant minds to share their expertise on myriad subjects. Anderson discovered early on that the keys to getting an audience to sit up and pay attention are to condense a presentation into 18 minutes or less and to heighten its impact with a powerful narrative: in other words, to tell a terrific story. TED Talks is chock full of personal presentation suggestions from such TED notables as Sir Ken Robinson, Mary Roach, Amy Cuddy, Bill Gates, Elizabeth Gilbert, Dan Gilbert, Matt Ridley and dozens more—everything from how to focus your speech's content to what you should wear onstage. This is a lively, fun read with great practical value, from the man who knows what goes into a great speech. In TED Talks, Anderson pulls back the TED curtain for anyone who wants to learn from the world's best on how to prepare a top-notch presentation.

**Models and Analysis of Vocal Emissions for Biomedical Applications** Mar 05 2020 The International Workshop on Models and Analysis of Vocal Emissions for Biomedical Applications (MAVEBA) came into being in 1999 from the particularly felt need of sharing know-how, objectives and results between areas that until then seemed quite distinct such as bioengineering, medicine and singing. MAVÉBA deals with all aspects concerning the study of the human voice with applications ranging from the neonate to the adult and elderly. Over the years the initial issues have grown and spread also in other aspects of research such as occupational voice disorders, neurology, rehabilitation, image and video analysis. MAVÉBA takes place every two years always in Firenze, Italy.

**Contrastive Analysis of English and Japanese--passive Voice and Verb Tense** Jul 29 2019 "This thesis analyzes nine Japanese students' speaking and writing errors in English as a foreign language (L2) and describes the syntax and cultural differences in Japanese and English. The error analysis focuses primarily on the passive voice and verb tense, though other typical errors that Japanese students make are discussed briefly within the context of seven Japanese students' compositions. The author conducted a case study of two Japanese students who were taking English 112, Writing for International Students, at Eastern Washington University in spring quarter of 1998. The main error analysis is based on these subjects' informal speech which was taped in two one-hour sessions the fourth and fifth weeks of the quarter. They were volunteer participants in a noon discussion group conducted by the ESL Master's Program director who is the faculty chair of this thesis. In addition, suggestions for curriculum development in each area are included"--Document.

**Let Your Life Speak** Aug 29 2019 PLEASE NOTE: Some recent copies of Let Your Life Speak included printing errors. These issues have been corrected, but if you purchased a defective copy between September and December 2019, please send proof of purchase to [josseybasseducation@wiley.com](mailto:josseybasseducation@wiley.com) to receive a replacement copy. Dear Friends: I'm sorry that after 20 years of happy traveling, Let Your Life Speak hit a big pothole involving printing errors that resulted in an unreadable book. But I'm very grateful to my publisher for moving quickly to see that people who received a defective copy have a way to receive a good copy without going through the return process. We're all doing everything we can to make things right, and I'm grateful for your patience. Thank you, Parker J. Palmer With wisdom, compassion, and gentle humor, Parker J. Palmer invites us to listen to the inner teacher and follow its leadings toward a sense of meaning and purpose. Telling stories from his own life and the lives of others who have made a difference, he shares insights gained from darkness and depression as well as fulfillment and joy, illuminating a pathway toward vocation for all who seek the true calling of their lives.

*The Speaker's Handbook, Spiral bound Version* Sep 10 2020 Helping students speak in the classroom and the boardroom, THE SPEAKER'S HANDBOOK, 11e covers the entire process of preparing, organizing, developing, and delivering a speech-making it the ideal text for students taking a public speaking course as well as an excellent reference for experienced speakers. The handbook continues to offer thorough coverage of ethics, reasoning, analyzing audience, and diversity. Each chapter is designed to stand alone so that speakers can refer only to the sections that meet their needs. Vivid new graphics in the Eleventh

Edition help illustrate key concepts. Speeches from students and public figures-including President Obama's commemorative speech on the death of Nelson Mandela-provide relevant speech models as well as material for analysis. Features such as For Your Benefit equip students with valuable tips and advice, while Speaker's Workshop and Putting It into Practice activities give students plenty of hands-on application. In addition, new Learning Objectives and updated Checklists help students review what they've learned. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

**Wintergirls** Jun 19 2021 A beautifully written and riveting look at anorexia from acclaimed author Laurie R. King. Cassie and Lia are best friends, and united in their quest to be thin. But when Cassie is found dead in a motel room, Lia must question whether she continues to lose weight, or choose life instead.

**The Acoustic Analysis of Speech** Aug 02 2022 The Acoustic Analysis Of Speech presents essential information on modern methods for the acoustic analysis of speech. It assumes only a modest technical background and is intended for the reader who wants to know the basic issues in speech analysis but does not have an extensive background in engineering, physics or mathematics. The book discusses the basic methods for the acoustic analysis of speech in relation to (a) the acoustic theory of speech production and (b) measures of primary interest to speech scientists, speech-language pathologists, linguists, psychologists or others who are interested in the acoustic signal of speech. Readers will gain an understanding of theory, methods and databases pertaining to speech acoustics. The book offers a simple and straightforward explanation of all aspects of acoustic analysis from recording the signal, to analysis methods, to sources of data on phonetic and suprasegmental aspects of speech. Includes reference to acoustic data for several languages in addition to English. The book is written at a general introductory level for course in Speech Science; Speech Acoustics; Experimental Phonetics and Laboratory Instrumentation for Speech and Hearing.

**Speaking Truth to Power** Oct 24 2021 One of the foremost experts in public policy here attempts not only to describe what public policy is, but given societal changes in the last two decades, to account for its present status. To learn from the past in order to establish public policy as a discipline in its own right, Wildavsky traces its motifs from their beginnings in the 1960s to the 1980s. Starting from the premise that there has been growing polarization of political elites, he shows how public policy as a field has had to face increased politicization. For Wildavsky, the field of public policy needs to incorporate more awareness of the human aspects of policy making: he emphasizes the political choices to be made in a competitive environment and the social relations that sustain them. When the first specialist schools devoted solely to public policy came into existence in the 1960s, the programs of the Great Society were their main impetus. With the disillusionment and failure of the Great Society, the identity of public policy became transformed. New theoretical issues had to be addressed. In this volume, Wildavsky provides a foundation for the theory no less than the practice of policy-making. Aaron Wildavsky is professor of political science, University of California, Berkeley. He founded the School of Public Policy there, and is presently its Director. He was formerly Director of the Russell Sage Foundation. He was the President of the American Political Science Association for the years 1986-1987.

**The Art of Public Speaking** Dec 26 2021 Lucas' "The Art of Public Speaking" is the leading public speaking textbook in the field. Whether a novice or an experienced speaker when beginning the course, every student will learn how to be a better public speaker through Lucas' clear explanations. Creative activities, vivid examples, annotated speech samples, and foundation of classic and contemporary rhetoric provide students a strong understanding of public speaking. When instructors teach from this textbook, they benefit from Lucas' Integrated Teaching Package. The Annotated Instructor's Edition and Instructor's Manual, both written by Steve Lucas, provide teaching tips and give outlines on how to use the various supplements. As a result, instructors are able to see various teaching examples, how to integrate technology, and analyses and discussion questions for video clips in class. The Annotated Instructor's Edition, Instructor's Manual, Test Bank, CDs, videos, and other supplements provide instructors the tools needed to create a dynamic classroom. This edition has a supplement to meet the needs of online classes, Teaching Public Speaking Online with The Art of Public Speaking.

**Assessing Speaking** Jul 21 2021 Speaking is a central yet complex area of language acquisition. The

assessment of this crucial skill is equally complex because of its interactive nature. This book takes teachers and language testers through the research on the assessment of speaking as well as through current tests of speaking. The book then guides language testers through the stages of test tasks, rating practices and design.

**Analysis of Speech of People with Parkinson's Disease** Jan 27 2022 The analysis of speech of people with Parkinson's disease is an interesting and highly relevant topic that has attracted the research community during several years. The advances in digital signal processing and pattern recognition have motivated the research community to work on the development of computational tools to perform automatic analysis of speech. Most of the contributions on this topic are focused on sustained phonation of vowels and only consider recordings of one language. This thesis addresses two problems considering recordings of sustained phonations of vowels and continuous speech signals: (1) the automatic classification of Parkinson's patients vs. healthy speakers, and (2) the prediction of the neurological state of the patients according to the motor section of the Unified Parkinson's Disease Rating Scale (UPDRS). Recordings of three languages are considered: Spanish, German, and Czech. German and Czech data were provided by other researchers, and Spanish data were recorded in Medellin, Colombia, during the development of this work. Besides the classical approaches to assess pathological speech, a new method to model articulation deficits of Parkinson's patients is proposed. This new articulation modeling approach shows to be more accurate and robust than others to discriminate between Parkinson's patients and healthy speakers in the three considered languages.

**How to Develop Self Confidence and Improve Public Speaking** Sep 22 2021 Develop poise Gain self-confidence Improve your memory Make your meaning clear Begin and end a talk Interest and charm your audience Improve your diction Win and argument without making enemies.

**Platform Speaking** Dec 02 2019

**Public Speaking and Democratic Participation** Aug 10 2020 A truly unique introductory textbook, Public Speaking and Democratic Participation: Speech, Deliberation, and Analysis in the Civic Realm provides a comprehensive introduction to the basic skills involved in public speaking--including reasoning, organization, outlining, anxiety management, style, delivery, and more--through the lens of democratic participation. It helps students develop the skills to distinguish between productive and unproductive public discourse; participate in and lead constructive discussions of community issues; and analyze public messages as an act of civic participation. By integrating the theme of civic engagement throughout, Public Speaking and Democratic Participation offers a direct and inspiring response to the alarming decline in civic participation in the U.S. and the climate of vindictiveness in our current political culture. It equips students with the tools to reverse these tendencies and move toward a greater commitment to our shared public life.

**Speak With No Fear** Sep 30 2019 This book teaches you 7 proven strategies to help you find your inner presenter. Today is the day you take charge of your anxiety, calm your nerves, and - most importantly - speak with no fear.

**Functional Anatomy of Speech, Language, and Hearing** Nov 05 2022

**Testing Second Language Speaking** May 19 2021 The testing and assessment of second language learners is an essential part of the language learning process. Glenn Fulcher's Testing Second Language Speaking is a state-of-the-art volume that considers the assessment of speaking from historical, theoretical and practical perspectives. The book offers the first systematic, comprehensive and up-to-date treatment of the testing of second language speaking. Written in a clear and accessible manner, it covers: Explanations of the process of test design Costing test design projects How to put the test into practice Evaluation of speaking tests Task types for testing speaking Testing learners with disabilities It also contains a wealth of examples, including task types that are commonly used in speaking tests, approaches to researching speaking tests and specific methodologies that teachers, students and test developers may use in their own projects. Successfully integrating practice and theory, this book demystifies the process of testing speaking and provides a thorough treatment of the key ethical and technical issues in speaking evaluation.

**The Ethnography of Speaking** Apr 05 2020

**A Course of Study in Speech Training and Public Speaking for Secondary Schools** Dec 14 2020

**An Analysis of Gayatri Chakravorty Spivak's Can the Subaltern Speak?** Nov 12 2020 A critical analysis of Spivak's classic 1988 postcolonial studies essay, in which she argues that a core problem for the poorest and most marginalized in society (the subalterns) is that they have no platform to express their concerns and no voice to affect policy debates or demand a fairer share of society's goods. A key theme of Gayatri Spivak's work is agency: the ability of the individual to make their own decisions. While Spivak's main aim is to consider ways in which "subalterns" - her term for the indigenous dispossessed in colonial societies - were able to achieve agency, this paper concentrates specifically on describing the ways in which western scholars inadvertently reproduce hegemonic structures in their work. Spivak is herself a scholar, and she remains acutely aware of the difficulty and dangers of presuming to "speak" for the subalterns she writes about. As such, her work can be seen as predominantly a delicate exercise in the critical thinking skill of interpretation; she looks in detail at issues of meaning, specifically at the real meaning of the available evidence, and her paper is an attempt not only to highlight problems of definition, but to clarify them. What makes this one of the key works of interpretation in the Macat library is, of course, the underlying significance of this work. Interpretation, in this case, is a matter of the difference between allowing subalterns to speak for themselves, and of imposing a mode of "speaking" on them that - however well-intentioned - can be as damaging in the postcolonial world as the agency-stifling political structures of the colonial world itself. By clearing away the detritus of scholarly attempts at interpretation, Spivak takes a stand against a specifically intellectual form of oppression and marginalization.

**The Things They Carried** Feb 25 2022 A classic work of American literature that has not stopped changing minds and lives since it burst onto the literary scene, *The Things They Carried* is a ground-breaking meditation on war, memory, imagination, and the redemptive power of storytelling. *The Things They Carried* depicts the men of Alpha Company: Jimmy Cross, Henry Dobbins, Rat Kiley, Mitchell Sanders, Norman Bowker, Kiowa, and the character Tim O'Brien, who has survived his tour in Vietnam to become a father and writer at the age of forty-three. Taught everywhere—from high school classrooms to graduate seminars in creative writing—it has become required reading for any American and continues to challenge readers in their perceptions of fact and fiction, war and peace, courage and fear and longing. *The Things They Carried* won France's prestigious Prix du Meilleur Livre Etranger and the Chicago Tribune Heartland Prize; it was also a finalist for the Pulitzer Prize and the National Book Critics Circle Award.

**Talk Like TED** Oct 31 2019 Ideas are the currency of the twenty-first century. In order to succeed, you need to be able to sell your ideas persuasively. This ability is the single greatest skill that will help you accomplish your dreams. Many people have a fear of public speaking or are insecure about their ability to give a successful presentation. Now public speaking coach and bestselling author Carmine Gallo explores what makes a great presentation by examining the widely acclaimed TED Talks, which have redefined the elements of a successful presentation and become the gold standard for public speaking. TED ? which stands for technology, entertainment, and design ? brings together the world's leading thinkers. These are the presentations that set the world on fire, and the techniques that top TED speakers use will make any presentation more dynamic, fire up any team, and give anyone the confidence to overcome their fear of public speaking. In his book, Carmine Gallo has broken down hundreds of TED talks and interviewed the most popular TED presenters, as well as the top researchers in the fields of psychology, communications, and neuroscience to reveal the nine secrets of all successful TED presentations. Gallo's step-by-step method makes it possible for anyone to deliver a presentation that is engaging, persuasive, and memorable. Carmine Gallo's top 10 Wall Street Journal Bestseller *Talk Like TED* will give anyone who is insecure about their public speaking abilities the tools to communicate the ideas that matter most to them, the skill to win over hearts and minds, and the confidence to deliver the talk of their lives. The opinions expressed by Carmine Gallo in *TALK LIKE TED* are his own. His book is not endorsed, sponsored or authorized by TED Conferences, LLC or its affiliates.

**Negotiating Englishes and English-speaking Identities** Oct 12 2020 This book explores the effects of the global spread of English by reporting on a sequential explanatory mixed-methods study of the language attitudes, motivation and self-perceived English proficiency of youth in two Italian cities. Participant narratives highlight the far-reaching role that English plays on the performance and attainment of present and desired future selves, illustrate that English is understood not as singular but as plural and paradoxical,

and reveal that English learners, who do not all accept the capital of 'native' speakers, utilize tactics to negotiate their position(s) with respect to their target language.? On the one hand, by narrowing in on a specific population and drawing extensively on interview exchanges, this work provides readers with a nuanced depiction of the identities, milieu and learning experiences of English language learners in Italy. On the other hand, this level of detailed analysis gives insight into the understandings, construction of meaning and negotiations of language learners who need and want to acquire English, the global language, worldwide. Indeed, the issues and questions that are raised in this book, such as those concerning research approaches and the definitions assigned to key concepts, have profound implications on the research of English(es) today and can inform future directions in global English teaching.

**The Public Speaking Playbook** Jan 03 2020 Learn to speak in public without breaking a sweat! *The Public Speaking Playbook*, Third Edition coaches students to prepare, practice, and present speeches at their highest level. With a focus on actively building skills, authors Teri Kwal Gamble and Michael W. Gamble guide students in the fundamentals of the public speaking process, and uses frequent interactive exercises that allow students to practice—and improve—their public speaking. Students want to put their skills into practice quickly, so the *Playbook* gives them the essentials in brief learning modules that focus on skill-building through independent and collaborative learning activities. As students master their skills, they are also encouraged to think critically about what it means to "play fair" in your public speaking—with a focus on diversity, ethics, and civic engagement.

**Phonetic Analysis of Speech Corpora** Feb 13 2021 An accessible introduction to the phonetic analysis of speech corpora, this workbook-style text provides an extensive set of exercises to help readers develop the necessary skills to design and carry out experiments in speech research. Offers the first step-by-step treatment of advanced techniques in experimental phonetics using speech corpora and downloadable software, including the R programming language Introduces methods of analyzing phonetically-labelled speech corpora, with the goal of testing hypotheses that often arise in experimental phonetics and laboratory phonology Incorporates an extensive set of exercises and answers to reinforce the techniques introduced Accessibly written with easy-to-follow computer commands and spectrograms of speech Companion website at [www.wiley.com/go/harrington](http://www.wiley.com/go/harrington), which includes illustrations, video tutorials, appendices, and downloadable speech corpora for testing purposes. Discusses techniques in digital speech processing and in structuring and querying annotations from speech corpora Includes substantial coverage of analysis, including measuring gestural synchronization using EMA, the acoustics of vowels, consonant overlap using EPG, spectral analysis of fricatives and obstruents, and the probabilistic classification of acoustic speech data

**Speak** Sep 03 2022 The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

**Public Speaking for Success** Jun 07 2020 Dale Carnegie, author of the legendary *How to Win Friends and Influence People*, began his career as the premier "life coach" of the twentieth century by teaching the art of public speaking. Public speaking, as Carnegie saw it, is a vital skill that can be attained through basic and repeated steps. His classic volume on the subject appeared in 1926 and was revised twice-in shortened versions-in 1956 and 1962. This 2006 revision-edited by a longtime consultant to Dale Carnegie &

Associates, Inc., and the editor in charge of updating *How to Win Friends and Influence People* is the definitive one for our era. While up-to-date in its language and points of reference, *Public Speaking for Success* preserves the full range of ideas and methods that appeared in the original: including Carnegie's complete speech and diction exercises, which follow each chapter, as the author originally designated them. This edition restores Carnegie's original appendix of the three complete self-help classics: *Acres of Diamonds* by Russell H. Conwell, *As a Man Thinketh* by James Allen, and *A Message to Garcia* by Elbert Hubbard. Carnegie included these essays in his original edition because, although they do not directly relate to public speaking, he felt they would be of great value to the readers. Here is the definitive update of the best-loved public-speaking book of all time.

***The Art of Public Speaking*** Oct 04 2022 *The Art of Public Speaking* is a fantastic introduction to public speaking by the master of the art—Dale Carnegie. Featured within this classic manual are hundreds of tips and tricks on how to become an efficient and effective public speaker. One of the core ideas in his books is that it is possible to change other people's behavior by changing one's reaction to them. This is a fascinating work and is thoroughly recommended for everyone.

**Talking from 9 to 5** May 07 2020 Your project went off without a hitch—but somebody else got the credit...You averted a crisis brilliantly—but no one noticed...You came to the meeting with a sensational idea—but it was ignored until someone else said the same thing... HOW CAN YOU GET CREDIT & GET AHEAD? In her extraordinary international bestseller, *You Just Don't Understand*, Deborah Tannen transformed forever the way we look at intimate relationships between women and men. Now she turns her keen ear and observant eye toward the workplace—where the ways in which men and women communicate can determine who gets heard, who gets ahead, and what gets done. An instant classic, *Talking From 9 to 5* brilliantly explains women's and men's conversational rituals—and the language barriers we unintentionally erect in the business world. It is a unique and invaluable guide to recognizing the verbal power games and miscommunications that cause good work to be underappreciated or go unnoticed—an essential tool for promoting more positive and productive professional relationships among men and women.

**Summary: Speaking as a Leader** Jan 15 2021 The must-read summary of Judith Humphrey's book: "Speaking as a Leader: How to Lead Every Time You Speak". This complete summary of the ideas from Judith Humphrey's book "Speaking as a Leader" shows how you can think, act and speak like a leader in everything that you do. In her book, the author reveals four steps that you can follow to evaluate and improve your leadership skills: think like a leader, follow the leader's script, use leadership language and project a leader's presence. This summary is a must-read for any leader who wants to improve their skills and become a source of inspiration. Added-value of this summary: • Save time • Understand key concepts • Expand your knowledge To learn more, read "Speaking as a Leader" and find out how you can act like a leader in every way and motivate others.

**Content Analysis of Verbal Behavior** Feb 02 2020 Focusing on language and the assessment of its meaning, this volume concentrates on a method of content analysis developed by the author and Goldine Gleser. Applicable to transcripts of speech or verbal texts, this method uses the grammatical clause as its smallest unit of communication, considers whether or not a verb is transitive and involves an object, or is intransitive and describes a state of being. It derives scores on many scales that have been tested for reliability of scoring and for construct validity with concurrently administered measures, such as rating and self-report scales as well as biochemical and pharmacological criteria. Finally, this volume provides detailed descriptions of the clinical and basic research establishing the validity of these scales, so that a reader can locate studies that have pertinence to any special interest area. A major achievement described in this book is the development of computer software that understands grammar and syntax, can parse natural language, knows most of the words in the Merriam-Webster dictionary, has been taught to identify idioms and slang, and is capable of continuing to learn. The program can score all the scales, report whether the scores obtained from a verbal sample are one to three standard deviations from the norms, and suggest APA DSM-III-R diagnostic classifications the clinician might consider in assessing the patient.

***The Quick and Easy Way to Effective Speaking*** Mar 17 2021 *Public Speaking* is an important skill which anyone can acquire and develop. The book consists of basic principles of effective speaking, technique of effective speaking, and the three aspects of every speech and effective methods of delivering a talk. All this

relates to business, social and personal satisfaction which depend heavily upon our ability to communicate clearly to others. A must read book for effective speaking.

**Speaking of Equality** Apr 17 2021 Aristotle noted that "equality" is the plea not of those who are satisfied but of those who seek change, and the word has long been invoked in the name of social reform. It retains its force because arguments for equality put arguments for inequality on the defensive. But why is "equality" laudatory and "inequality" pejorative? In this first book-length analysis of the rhetorical force of equality arguments, Peter Westen argues that they derive their persuasiveness largely from the kind of word that "equality" is, rather than from the values it incorporates. By focusing on ordinary language and using commonplace examples from law and morals, Westen argues that equality is a single concept that lends itself to a multiplicity of conceptions by virtue of its capacity to incorporate diverse standards of comparison by reference. Equality arguments draw rhetorical force in part from their tendency to mask the standards of comparison on which they are based, and in so doing to confound fact with value, premises with conclusions, and uncontested with contested norms. Originally published in 1990. The Princeton Legacy Library uses the latest print-on-demand technology to again make available previously out-of-print books from the distinguished backlist of Princeton University Press. These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions. The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905.

***Great Speeches For Better Speaking*** Jul 09 2020 Master the art of persuasion with lessons from the best speakers of our time. Throughout history, they have moved us. They have enlightened and inspired us. They are our nation's most influential speakers, gifted with the talent to change minds and hearts. What is the almost magical power they possess—and how can you harness it for yourself? The answers are here in this illuminating guide to unforgettable oratory. Complete with a ninety-minute CD featuring six great speeches in their entirety, this tool kit for speakers takes you through an in-depth analysis of these historically significant speeches and the secrets of their eloquent effectiveness. With close examination of each speech, you'll get lessons on how to: Address a difficult situation with help from the Great Communicator, Ronald Reagan Bring divergent interests together with effective arguments like Edward Kennedy Capture and hold your audience's attention by mastering General Douglas MacArthur's structural techniques Style a formal speech with the elegance of John F. Kennedy Maximize your delivery by studying the power of Barbara Jordan's voice Use Mary Fisher's special rhetorical tactics to sway even the toughest audience

***Testing Second Language Speaking*** Jun 27 2019 The testing and assessment of second language learners is an essential part of the language learning process. Glenn Fulcher's *Testing Second Language Speaking* is a state-of-the-art volume that considers the assessment of speaking from historical, theoretical and practical perspectives. The book offers the first systematic, comprehensive and up-to-date treatment of the testing of second language speaking. Written in a clear and accessible manner, it covers: Explanations of the process of test design Costing test design projects How to put the test into practice Evaluation of speaking tests Task types for testing speaking Testing learners with disabilities It also contains a wealth of examples, including task types that are commonly used in speaking tests, approaches to researching speaking tests and specific methodologies that teachers, students and test developers may use in their own projects. Successfully integrating practice and theory, this book demystifies the process of testing speaking and provides a thorough treatment of the key ethical and technical issues in speaking evaluation.

***Fearless Speaking*** Nov 24 2021 If fear of public speaking is undermining your success, *Fearless Speaking* can change your life. In this groundbreaking book, Dr. Gary Genard shares his proven method for transforming your self-doubt into confidence. His easy-to-use system will help you escape the negative thinking, physical symptoms, and avoidance behavior that are holding you back. This step-by-step, personalized approach features 50 exercises that will dramatically boost your comfort level and skill in as little as 12 days. From business presentations to contributing at meetings to persuasive speaking to wedding toasts, *Fearless Speaking* will help you put your anxiety into perspective, turn harmful self-talk into positive thinking, and acquire the skills to become a more dynamic speaker. You'll find techniques to dramatically reduce the physical and emotional aspects of stage fright while boosting your focus and presence.
