Homework Helpers: U.S. History (1492-1865) Aug 10 2020 Homework Helpers: U.S. History: From the Discovery of America Through the Civil War is the latest book in the

popular series designed to help students master the material and tackle the tests. It will help any student learn and remember the many facts about the people, places, and things from Columbus and his fellow explorers to Lincoln, Lee and Grant. Rote memorization won't do it. Neither will just timelines and lists. But there are some simple tools that will make history come alive, that will enable any student to manage a vast amount of historical information. Homework Helpers: U.S. History: From the Discovery of America Through the Civil War is a user-friendly book that will make any student—or those trying to help them—feel like he or she has a private tutor. Each chapter focuses on a major theme and explains it with a variety of diagrams, charts, and maps. Each chapter also contains detailed questions that allow students to assess how well they've mastered various concepts. Not only are the right answers to these self-study questions included, but also detailed explanations as to why the wrong answers are wrong. Whether used as a stand-alone text or to supplement a poorly written or badly organized "official" text, each volume in the Homework Helpers Series is just what students need to boost their confidence and given them the tools they need to succeed in the most challenging classes or on the most difficult tests. Homework Helpers: U.S. History: From the Discovery of America Through the Civil War is the essential help you need when your textbook just isn't making the grade!

Math Trailblazers 2E G3 Teacher Implementation Guide Jan 03 2020 "A complete research-based, K-5 mathematics program integrating math, science and language arts. [The program] embodies the NCTM Principles and standards for school mathematics and is based on the ideas that mathematics is best learned by solving problems in real-world contexts and that a curriculum should balance conceptual understanding and procedural skill"--P. 4 of cover.

Routledge Library Editions: Special Educational Needs May 31 2022 This set of 62 volumes, originally published between 1951 and 1999, amalgamates a wide breadth of literature on Special Educational Needs, with a particular focus on inclusivity, class management and curriculum theory. This collection of books from some of the leading scholars in the field provides a comprehensive overview of the subject how it has evolved over time, and will be of particular interest to students of Education and those undertaking teaching qualifications.

Guided Inquiry Design® in Action: High School May 19 2021 Edited by the cocreator of the Guided Inquiry Design® (GID) framework as well as an educator, speaker, and international consultant on the topic, this book explains the nuances of GID in the high school context. It also addresses background research and explains guided inquiry and the information search process. • Enables teachers, school librarians, and other educational partners to simultaneously target outcomes that bring about deep understanding and address curricular goals • Offers a practical, concepts-based approach to inquiry learning, complete units of study in a variety of content areas, and a discussion of the role emotions in the learning process • Includes ready-to-implement Guided Inquiry Design® (GID) lesson plans written by practicing high school librarians and teachers who have been refining their GID curricula for years • Serves to heighten student engagement at the high school level by going beyond fact-finding to foster deeper understanding and knowledge creation • Provides an explicit structure for developing instructional partnerships and collaborative teams within the school and with the larger community

Intermediate Reader of Modern Chinese Jul 29 2019 An innovative way for students to hone their Chinese language skills while learning about Chinese culture Intermediate Reader of

Modern Chinese is an ideal textbook for American students who have already completed two semesters of Chinese. Featuring a wealth of contemporary subject matter that will provoke lively and engaging classroom discussions, it progresses from correspondence and dialogue to short essays, encouraging speaking as well as reading practice. Topics include college life in the United States, political and social issues in contemporary China, biographies of well-known figures in Chinese intellectual history, and analyses of the Chinese Democracy Movement and the Tiananmen Square incident. This volume of Intermediate Reader of Modern Chinese contains the text. The companion volume covers vocabulary and sentence patterns, and includes exercises for each lesson. Suitable for a two-semester course Juxtaposes traditional and simplified characters Covers Chinese translations of foreign place names Accustoms students to reading Chinese newspapers Audio materials are available for use with this textbook. For further information, contact the Chinese Linguistics Project at clp@princeton.edu
