Συναγωνίζεσθαι: Studies in
Honour of Guido Avezzù. Vol.
1.1 Sep 25 2019

Συναγωνίζεσθαι, the ancient Greek verb chosen as the title of this volume, belongs to the jargon of dramaturgy as employed by Aristotle in Poetics, where he emphasizes the function of the Chorus as an active co-protagonist in the dynamics of drama. Here it suggests the collaborative nature of this Festschrift offered to Guido Avezzù in the year of his retirement by friends and colleagues. The volume collects a wide selection of contributions by international scholars, grouped into four sections: Greek Tragedy (Part 1), Greek

Comedy (Part 2), Reception (Part 3), and Theatre and Beyond (Part 4).

*Florence: Capital of the
Kingdom of Italy, 1865-71* Aug
17 2021 This edited collection
provides the first
comprehensive history of
Florence as the mid-19th
century capital of the fledgling
Italian nation. Covering various
aspects of politics, economics,
culture and society, this book
examines the impact that the
short-lived experience of
becoming the political and
administrative centre of the
Kingdom of Italy had on the
Tuscan city, both immediately
and in the years that followed.
It reflects upon the urbanising
changes that affected the
appearance of the city and the
introduction of various
economic and cultural
innovations. The volume also

analyses the crisis caused by the eventual relocation of the capital to Rome and the subsequent bankruptcy of the communality which hampered Florence on the long road to modernity. Florence: Capital of the Kingdom of Italy, 1865-71 is a fascinating study for all students and scholars of modern Italian history.

Pio IX (1846-1850) Apr 24 2022

Il primo volume tratta dei primi anni del pontificato di Pio IX, segnati dalla crisi di fondo che investe gli stati italiani. Dopo l'iniziale coinvolgimento del papa negli entusiasmi travolgenti del '48, si passa ad una politica di incertezze e ad una certa involuzione dello stesso pontefice. Il secondo volume analizza lo stato d'animo del pontefice dopo gli avvenimenti del biennio 59-61 e le sue azioni più importanti, come la definizione dell'Immacolata Concezione e la condanna degli errori moderni (Sillabo e Quanta Cura). Nel terzo volume

l'autore studia il comportamento del papa durante il Vaticano I e tenta un bilancio teologico e storico del concilio. Infine, si analizza la chiusura del suo pontificato, nel clima di ostilità tra chiesa e mondo civile.
