On Method Acting Feb 20 2022 Practiced by such actors of stature as Marlon Brando, Robert De Niro, Julie Harris, Dustin Hoffman, and Ellen Burstyn (not to mention the late James Dean) the Method offers a practical application of the renowned Stanislavsky technique. On Method Acting demystifies the "mysteries" of Method acting -- breaking down the various steps into clear and simple terms, including chapters on: Sense Memory -- the most vital component of Method acting Improvisation -- without it, the most integral part of the Method is lost Animal Exercises -- just one way to combat the mental blocks that prevent actors from grasping a character Creating The Outer Character -- so actors can give the freshness of originality to a role while at the same time living the life of the character On Method Acting is also an indispensable volume for directors, designers, lighting technicians, and anyone in the dramatic arts interested in creating a believable and realistic effect in their productions.

Inside Inside Jan 22 2022 A behind-the-scenes tour of the making of the Emmy-nominated television show Inside the Actors Studio describes the host and author's experiences during noteworthy interviews, from Christopher Reeve's first appearance after his accident to Robert De Niro's and Martin Scorsese's disclosures about their co-development of the famous mirror scene. 100,000 first printing.

Theatre of Exile Mar 12 2021 How might the organic link between theatre-making and political action be revitalised? And how might a spontaneous vision of a theatre of and for ordinary people be reignited? Since his political exile from Argentina in 1977, theatre director and producer Horacio Czertok has devoted his life to re-imagining the art of the theatre, taking it out of its comfort zone into places of social conflict such as deprived suburban areas, prisons and mental hospitals, as well as open, public spaces, engaging directly with audiences in a spirit of abiding, carnivalesque, and deeply political theatrical experimentation. Adapting a rigorous Stanislavskian theatrical training to the exigencies of raw, immediate encounters with audiences in marginal and open spaces, Czertok's theatre-making is unique, not only in the kinds of capacities and skills it allows actors to develop, but also in the way it renders the question of political efficacy immanent to the very process of making theatre. Providing Czertok's own, highly personal account of his trajectory in the global scene of theatre-making over the past half-century, this is a book about the theatre of exile - a theatre of streets, prisons, hospitals, open to direct and unexpected encounters with audiences and their life-experiences. Photos by Luca Gavagna

El training del actor Aug 05 2020 El "training", adoptado como un término transnacional, permite conceptualizar el trabajo de preparación del actor más allá de una mera gimnástica, implícita en las connotaciones deportivas y militares asociadas al término "entrenamiento". Pero marca también una diferencia entre la educación y enseñanza impartida en escuelas institucionales, y los proyectos alternativos de formación actoral integral que propiciaron las transformaciones del teatro y de la pedagogía del teatro, y que germinaron desde las primeras décadas del siglo XX en los teatros-estudio, los teatros-laboratorio, los teatros-taller, centros de educación sistemática y continua de grandes maestros del teatro contemporáneo. En el primer apartado, "La invención del training", se incluyen los ensayos: "El actor en ejercicio: algunas experiencias sobresalientes", de Beatrice Picon-Vallin, un recuento histórico general, con énfasis en las experiencias pedagógicas de Meyerhold y de Grotowski. En el segundo apartado, "El cuerpo en ejercicio", académicos y creadores escénicos del teatro y de la danza, más allá de la diversidad de sus escuelas de pensamiento y sus diferentes métodos de entrenamiento, comparten experiencias y saberes decantados de una sólida práctica creativa y pedagógica, en los ensayos:

"La estrategia del ninja", de YoshiOida; "¡Tomen de donde puedan!", de Andrzej Seweryn; "La experiencia existencial de un grupo", de Eric Lacascade; "Las reglas del juego", de Alexandre Del Perugia; "Agrandar el espacio", de Bob Villette; "El entrenamiento, un pretil", de Farid Paya; "El cuerpo se inventa en un instante", de Odile Duboc; "Cultivar el cuerpo es un conocimiento de sí", de Carolina Mararcade; "¿Qué somos además de felicidad?", de Yves-Noel Genod; y, finalmente, "Un compañero de juegos: el cuerpo", de Camilla Grandville. Como conclusión se incluye el ensayo "Antropología del cuerpo en escena", de David Le Breton.

El método del actors studio Sep 29 2022

Method Actors Sep 17 2021 Method Actors is a compelling new history of the pervasive influence of the Method, the preeminent acting style in America for more than 50 years. Vinberg appraises method actors; illustrates the profound changes to the Method in the 1980s; and offers original portraits of some of today's finest actors. 16-page insert.

Reassembling the Social Oct 26 2019 Reassembling the Social is a fundamental challenge from one of the world's leading social theorists to how we understand society and the 'social'. Bruno Latour's contention is that the word 'social', as used by Social Scientists, has become laden with assumptions to the point where it has become misnomer. When the adjective is applied to a phenomenon, it is used to indicate a stabilized state of affairs, a bundle of ties that in due course may be used to account for another phenomenon. But Latour also finds the word used as if it described a type of material, in a comparable way to an adjective such as 'wooden' or 'steely'. Rather than simply indicating what is already assembled together, it is now used in a way that makes assumptions about the nature of what is assembled. It has become a word that designates two distinct things: a process of assembling; and a type of material, distinct from others. Latour shows why 'the social' cannot be thought of as a kind of material or domain, and disputes attempts to provide a 'social explanations' of other states of affairs. While these attempts have been productive (and probably necessary) in the past, the very success of the social sciences mean that they are largely no longer so. At the present stage it is no longer possible to inspect the precise constituents entering the social domain. Latour returns to the original meaning of 'the social' to redefine the notion, and allow it to trace connections again. It will then be possible to resume the traditional goal of the social sciences, but using more refined tools. Drawing on his extensive work examining the 'assemblages' of nature, Latour finds it necessary to scrutinize thoroughly the exact content of what is assembled under the umbrella of Society. This approach, a 'sociology of associations', has become known as Actor-Network-Theory, and this book is an essential introduction both for those seeking to understand Actor-Network Theory, or the ideas of one of its most influential proponents.

The Method Jul 04 2020 "Entertaining ... a remarkable story."--The New Yorker "Delicious, humane, probing."--Vulture, Most Anticipated Books of 2022 "The best and most important book about acting I've ever read."--Nathan Lane From the coauthor of *The World Only Spins Forward* comes the first cultural history of Method acting--an ebullient account of creative discovery and the birth of classic Hollywood. On stage and screen, we know a great performance when we see it. But how do actors draw from their bodies and minds to turn their selves into art? What is the craft of being an authentic fake? More than a century ago, amid tsarist Russia's crushing repression, one of the most talented actors ever, Konstantin Stanislavski, asked these very questions, reached deep into himself, and emerged with an answer. How his "system" remade itself into the Method and forever transformed American theater and film is an unlikely saga that has never before been fully told. Now, critic and theater director Isaac Butler chronicles the history of the Method in a narrative that transports readers from Moscow to New York to Los Angeles, from *The Seagull* to *A Streetcar Named Desire* to *Raging Bull*. He traces how a cohort of American mavericks--including Stella Adler, Lee Strasberg, and the storied Group Theatre--refashioned Stanislavski's ideas for a Depression-plagued nation that had yet to find its place as an artistic powerhouse. The Group's feuds and rivalries would, in turn, shape generations of actors who enabled Hollywood to become the global dream-factory it is today. Some of these performers the Method would uplift; others, it would destroy. Long after its midcentury heyday, the Method lives on as one of the most influential--and misunderstood--ideas in American culture. Studded with marquee names--from Marlon Brando, Marilyn Monroe, and Elia Kazan, to James Baldwin, Ellen Burstyn, and Dustin Hoffman--*The Method* is a spirited history of ideas and a must-read for any fan of Broadway or American film.

Historia mundial del cine I. II Jul 24 2019 «En su conjunto, el cine estadounidense parece un territorio idóneo en el que aplicar, con óptimos resultados, las lecciones de los historiadores de los "Annales", donde la historia breve y la de larga duración, la superficial y la profunda, la de los hechos y la de la mentalidad, la del imaginario y la económica, pueden coexistir, sostenerse, iluminarse e incorporarse unas a otras. Los conjuntos a los que he procurado dar más valor y en torno a los que he hecho trabajar a mis colaboradores han sido los siguientes: los géneros, fundamento y estructura portante del cine estadounidense; los ritos y divos y el papel de Hollywood como fábrica de sueños; la leyenda como patrimonio y fuente de inspiración constante; la contribución fundacional de las minorías étnicas y de las múltiples raíces culturales a la construcción de una identidad sujeta a diversas transformaciones; el papel del paisaje; la interferencia de la política y las formas de presión y de control ideológico y cultural, y, por último, [...] el desarrollo de la economía, el mercado y las transformaciones de los modos de consumo desde los nickelodeones hasta la llegada de la era televisiva y los grandes éxitos de las últimas décadas.» Con estas palabras sintetiza Gian Piero Brunetta el contenido y la orientación de

estos dos magníficos volúmenes. Un empeño difícil, dada la envergadura y complejidad de la empresa, pero con un resultado incuestionable: el lector tiene entre sus manos una de las visiones de conjunto más completas y ambiciosas publicadas hasta la fecha sobre la cinematografía de los Estados Unidos, cuya consulta será ineludible para cualquiera que quiera penetrar o profundizar en la realidad de una industria que, para muchos, es sinónimo de cine. El segundo volumen cuenta con un capítulo de Javier H. Estrada en el que se analizan las principales tendencias del cine norteamericano en la primera década del siglo XXI.

El actor de cine Sep 25 2019 El filme de ficción nos habla, nos emociona, nos fascina a través del actor, sea una estrella o secundario, silencioso o locuaz, distante o familiar. En el centro de la puesta en escena, el actor contribuye de forma esencial a la riqueza de las representaciones filmicas. Todo filme se nutre de una relación específica entre el actor y su personaje; todos los grandes momentos de la creación cinematográfica están acompañados de una reflexión sobre el actor. Desde sus orígenes, el cine no ha cesado de inventar nuevas modalidades de interpretación y de presencia. Desde el escenario a la pantalla, desde las teorías soviéticas al Actors Studio, desde la naturalidad americana a la cruda verdad del no profesional, el actor constituye una de las grandes aventuras de un siglo de cine.

The Method Aug 17 2021 "The best and most important book about acting I've ever read."--Nathan Lane From the coauthor of *The World Only Spins Forward* comes the first cultural history of Method acting--an ebullient account of creative discovery and the birth of classic Hollywood. On stage and screen, we know a great performance when we see it. But how do actors draw from their bodies and minds to turn their selves into art? What is the craft of being an authentic fake? More than a century ago, amid tsarist Russia's crushing repression, one of the most talented actors ever, Konstantin Stanislavski, asked these very questions, reached deep into himself, and emerged with an answer. How his "system" remade itself into the Method and forever transformed American theater and film is an unlikely saga that has never before been fully told. Now, critic and theater director Isaac Butler chronicles the history of the Method in a narrative that transports readers from Moscow to New York to Los Angeles, from *The Seagull* to *A Streetcar Named Desire* to *Raging Bull*. Le travail à l'Actors Studio Aug 29 2022 L'enseignement de Lee Strasberg, précédé d'un historique de l'Actors Studio. [SDM].

The Actor's Art and Craft Dec 09 2020 William Esper, one of the leading acting teachers of our time, explains and extends Sanford Meisner's legendary technique, offering a clear, concrete, step-by-step approach to becoming a truly creative actor. Esper worked closely with Meisner for seventeen years and has spent decades developing his famous program for actor's training. The result is a rigorous system of exercises that builds a solid foundation of acting skills from the ground up, and that is flexible enough to be applied to any challenge an actor faces, from soap operas to Shakespeare. Co-writer Damon DiMarco, a former student of Esper's, spent over a year observing his mentor teaching first-year acting students. In this book he recreates that experience for us, allowing us to see how the progression of exercises works in practice. *The Actor's Art and Craft* vividly demonstrates that good training does not constrain actors' instincts--it frees them to create characters with truthful and compelling inner lives.

Radical Theatricality Aug 24 2019 *Radical Theatricality* argues that our narrow search for extant medieval play scripts depends entirely on a definition of theater far more literary than performative. This literary definition pushes aside some of our best evidence of Spain's medieval performance traditions precisely because this evidence is considered either intangible or "un-dramatic" (that is, monologic). By focusing on the dialogic relationship that inherently exists between performer and spectator in performance--rather than on the kind of literary dialogue between characters traditionally associated with drama--*Radical Theatricality* diachronically examines the performative poetics of the

jongleuresque tradition (broadly defined to encompass such disparate performers as ancient Greek rhapsodes and contemporary Nobel Laureate Dario Fo) and synchronically traces its performative impact on the Spanish theater of the sixteenth and seventeenth centuries.

Vocabularios del cine Dec 29 2019 Todas las generaciones de profesionales y de críticos han inventado su propio vocabulario cinematográfico. Muchos cinéfilos, por lo tanto, llegan a sentir vértigo ante tal abundancia: ¿qué es un travelling panorámico? ¿La transparencia es una cuestión técnica o filosófica? ¿Qué es una steadicam? No hay un único vocabulario del cine, sino muchos, como sugiere el título de este libro: técnicos, estéticos, económicos, históricos... Así que esta obra no pretende ser exhaustiva: sólo quiere proponer al lector no especialista algunas definiciones claras y simples de los términos con los que probablemente se encontrará si se acerca al cine como espectador o como «aprendiz de cineasta». Las remisiones entre términos, las síntesis de carácter general y una bibliografía práctica abren el camino hacia lecturas más transversales.

Un optimista en América Jun 22 2019 Por primera vez en castellano, uno de los libros más fascinantes y secretos del genial autor italiano. «Si la Academia Sueca ignoró a algunos de los más grandes autores del siglo XX en lengua francesa (Proust), alemana (Kafka), inglesa (Joyce) y española (Borges), en mi arbitrario parecer Calvino representaría a la literatura en italiano dentro de esa serie». Karelía Vázquez, *El País* Al regresar de su primer viaje a los Estados Unidos, que se extendió de noviembre de 1959 a mayo de 1960, Italo Calvino decidió reelaborar el diario y la correspondencia que mantuvo con sus amigos durante aquellos meses tan señalados: «A mi partida hacia los Estados Unidos, y también durante el viaje, me prometí que no escribiría un libro sobre América (¡hay tantos!). Sin embargo, cambié de idea. Los libros de viaje son un modo útil, modesto y completo de hacer literatura. Son libros con utilidad práctica, aun cuando, o justo por eso, los países cambian año tras año y al hacer una imagen fija de cómo los hemos visto, registramos su esencia mutable; y podemos expresar de ellos algo que va más allá de la mera descripción de los lugares visitados, establecer una relación entre nosotros y la realidad». Publicado de manera póstuma en 2014, *Un optimista en América* es una de las obras más fascinantes y desconocidas de Calvino, una personalísima cartografía literaria cuya lectura ofrece a los lectores muchas de las claves sobre su paradójica concepción de la polis —a la vez eterna y mudable—, una de las más recurrentes obsesiones en la trayectoria del genial autor italiano.

Paul Newman Mar 31 2020 La primera gran biografía de Paul Newman, uno de los grandes actores de todos los tiempos. La muerte de Paul Newman conmocionó a todo el mundo. La arrolladora personalidad del actor, acompañada de su físico apolíneo, marcaron el cine de la segunda mitad del siglo XX. Estamos ante un icono, un verdadero mito, pero pocos saben cómo fue su vida. En este apasionante libro se narran con detalle todos los avatares de su vida, su largo matrimonio con Joan Woodward, la muerte de su hijo por drogadicción, su extraordinario talento como actor y también como director, sus diversas iniciativas empresariales, su relación con otros colegas y con el mundo del cine en general. En definitiva, un libro maravilloso para un actor inolvidable.

Women, Method Acting, and the Hollywood Film Nov 07 2020 *Women, Method Acting, and the Hollywood Film* is the first study dedicated to understanding the work of female Method actors on film. While Method acting on film has typically been associated with the explosive machismo of actors like Marlon Brando and Robert De Niro, this book explores an alternate tradition within the Method—the work that women from the Actors Studio did in Hollywood. Covering the period from the end of the Second World War until the 1970s, this study shows how the women associated with the Actors Studio increasingly used Method acting in ways that were compatible with their burgeoning feminist political commitments and developed a style of feminist Method acting. The book examines the complex intersection of Method acting, sexuality, and gender by analyzing performances such as Kim Hunter's in *A Streetcar Named Desire*, Julie Harris's in *The Member of the Wedding*, Shelley Winters's in *The Big Knife*, Geraldine Page's in *Sweet Bird of Youth*, and Jane Fonda's in *Coming Home*. Challenging the longstanding assumption that Method acting's approaches were harmful to women and incompatible with feminism, this book argues that some of Hollywood's most interesting female actors, and leading feminists, emerged from the Actors Studio in the period between the 1950s and the 1970s. Written for students and scholars of Film Studies, Cultural Studies, Theatre and Performance Studies, and Gender Studies, *Women, Method Acting, and the Hollywood Film* reshapes the way we think of a central strain in American screen acting, and in doing so, allows women a new stake in that tradition.

The Actors Studio Jun 26 2022 The Actors Studio, a secluded workshop in New York City that for decades has had a marked influence on the worlds of stage and screen, functions much like a secret society behind closed doors. Confusion about its essence and its activities abounds. It all began when Stanislavsky's Moscow Art Theatre brought its brand of "realism" to the United States in 1923. The legendary Group Theater followed. Then came the Studio, with the idiosyncratic Lee Strasberg as its head following conflicts with Stella Alder and the Group. Studio followers Elia Kazan and Robert Lewis are fully discussed. Strasberg's background and the encounters between him and the actors he guided are presented in detail. The lives and careers of early icons like Marlon Brando, Montgomery Clift, Marilyn Monroe and James Dean, the Studio's 1960s efforts to form a production company, and the way the Studio has changed for the 21st century are all covered.

Arcadia Jan 28 2020

Marginality Beyond Return May 14 2021 This study is an exploration of US Cuban theatrical performances written and staged primarily between 1980 and 2000. Lillian Manzor analyzes early plays by Magali Alabau, Jorge Ignacio Cortiñas, María Irene Fornés, Eduardo Machado, Manuel Martín Jr., and Carmelita Tropicana as well as these playwrights' participation in three foundational Latine theater projects --INTAR's Hispanic Playwrights-in-Residence Laboratory in New York (1980-1991), Hispanic Playwrights Project at

South Coast Repertory Theater in Costa Mesa, CA (1986–2004), and The Latino Theater Initiative at Center Theater Group's Mark Taper Forum in Los Angeles (1992–2005). She also studies theatrical projects of reconciliation among Cubans on and off the island in the early 2000s. Demonstrating the foundational nature of these artists and projects, the book argues that US Cuban theater problematizes both the exile and Cuban–American paradigms. By investigating US Cuban theater, the author theorizes via performance, ways in which we can intervene in and reformulate political and representational positionings within the context of hybrid cultural identities. This book will of great interest to students and scholars in Performance Studies, Transnational Latine Studies, Race and Gender studies.

The Selected Letters of Elia Kazan Oct 19 2021 This fully annotated selection of Elia Kazan's letters reveals all the passion, vitality, and raw honesty that made him such a towering figure in American theater and film. Kazan's determination to be a "sincere, conscious, practicing artist" resounds through every phase of his career: his apprenticeship with the Group Theatre, his co-founding of the Actors Studio and co-direction of the Repertory Theater of Lincoln Center, and his innovative directing on Broadway (A Streetcar Named Desire and Death of a Salesman) and in Hollywood (On the Waterfront and East of Eden). Kazan collaborated with some of the greatest writers of the era, including Arthur Miller, Tennessee Williams, Thornton Wilder, and John Steinbeck. His letters to and about Marlon Brando, James Dean, Warren Beatty, Robert De Niro, and others are full of insights on acting and directing. We see his heated dealings with studio moguls, his principled resistance to censorship, the upheavals of testifying before the House Committee on Un-American Activities. We glimpse his inner life in his startlingly candid letters to his first wife and those to and about his children. The Selected Letters provides an extraordinary portrait of a complex, intense, monumentally talented man who engaged the political, moral, and artistic currents of the twentieth century.

La verdad del personaje teatral Mar 24 2022 El presente libro nace de la preocupación del autor por enlazar temas de investigación en práctica escénica con su correspondiente base teórica. Es lo que le llevó a analizar los problemas que rodean la verdad escénica, siguiendo las pautas del conocido método de las acciones físicas que aplicara Stanislavski, y que tiene su más moderna versión en las enseñanzas del Actors Studio. De ahí su tesis doctoral, y esta obra, que parte de aquellos estudios, remodelados hoy en forma de específica monografía. Ésta se interna en el análisis de la trayectoria histórica de la verdad en el personaje teatral, tanto desde su vertiente teórica como en la práctica escénica, aprovechando las enseñanzas recibidas de maestros como Ellen Burstyn, Carlin Glynn, Sam Schacht, Doug Moston, Ann Jackson o Barbara Portier, todas ellas apoyadas por las opiniones de los actores americanos más destacados del momento, tomadas de una serie de entrevistas que mantuvieron con los alumnos del Actors Studio.

Theatre Games Jun 02 2020 A practical guide to using theatre games for actor training which includes a DVD with original footage of the author putting the techniques into action.

Marilyn Jul 16 2021 Marilyn Monroe, born Norma Jeane Mortenson on June 1, 1926, is one of the best-loved movie stars and sex goddesses of all time, although she died much too young at the age of thirty-six. Marilyn overcame multiple foster homes and an early, war-time marriage to become the wife of two of America's most famous men: first, the baseball all-star Joe DiMaggio, and then the playwright Arthur Miller. Not surprisingly, she even caught the eye of President John F. Kennedy to whom she famously sang "Happy Birthday" in 1962 in front of an overflow crowd at New York City's Madison Square Garden. A life-time struggle with self-confidence, tumultuous marriages, ill health, and drug and alcohol addictions, Marilyn's movie career suffered in the last years before her death. The filming of her last movie, *Something's Got to Give*, was never completed. She died during production. In death as in life, Marilyn Monroe fascinates. This book is a brief history of her short life. It is filled with photos of Marilyn throughout her life. Marilyn worked with some of the best directors of her day and pushed herself to excel in comedic, dramatic, and musical roles. She was only the second female movie star to create her own production company. Marilyn may have played the dumb blonde, but that was just one more role.

A Dream of Passion Dec 21 2021 "The definitive source book on acting."—Los Angeles Times Marlon Brando, Al Pacino, Paul Newman, Dustin Hoffman, Dennis Hopper, Robert DeNiro, Marilyn Monroe, and Joanne Woodward—these are only a few of the many actors training in "Method" acting by the great and legendary Lee Strasberg. This revolutionary theory of acting—developed by Stanislavski and continued by Strasberg—has been a major influence on the art of acting in our time. During his last decade, Strasberg devoted himself to a work that would explain once and for all what The Method was and how it worked, as well as telling the story of its development and of the people involved with it. The result is a masterpiece of wisdom and guidance for anyone involved with the theater in any way. "A must for young actors—for old ones, too, for that matter."—Paul Newman "An exploration of the creative process that will reward all who are interested in the nature of inspiration."—Library Journal "An important cultural document."—Booklist

Britannica Enciclopedia Moderna Nov 19 2021 The Britannica Enciclopedia Moderna covers all fields of knowledge, including arts, geography, philosophy, science, sports, and much more. Users will enjoy a quick reference of 24,000 entries and 2.5 million words. More than 4,800 images, graphs, and tables further enlighten students and clarify subject matter. The simple A-Z organization and clear descriptions will appeal to both Spanish speakers and students of Spanish.

World Encyclopedia of Contemporary Theatre Apr 12 2021 This new in paperback edition of World Encyclopedia of Contemporary Theatre covers the Americas, from Canada to Argentina, including the United States. Entries on twenty six countries are preceded by specialist introductions on Theatre in Post-

Colonial Latin America, Theatres of North America, Puppet Theatre, Theatre for Young Audiences, Music Theatre and Dance Theatre. The essays follow the series format, allowing for cross-referring across subjects, both within the volume and between volumes. Each country entry is written by specialists in the particular country and the volume has its own teams of regional editors, overseen by the main editorial team based at the University of York in Canada headed by Don Rubin. Each entry covers all aspects of theatre genres, practitioners, writers, critics and styles, with bibliographies, over 200 black & white photographs and a substantial index. This Encyclopedia is indispensable for anyone interested in the cultures of the Americas or in modern theatre. It is also an invaluable reference tool for students and scholars of a wide range of disciplines including history, performance studies, anthropology and cultural studies.

El cine como máquina de pensamiento y control Nov 27 2019 Tanto en su complejidad mecánica como en su articulación con el cuerpo social, el cine puede ser comprendido como una máquina con una doble potencia: por un lado, tiene la capacidad de representar y narrar el mundo y el ser humano; y, por el otro, es un aparato de control y sometimiento de hombres y mujeres, que vigila y registra todo desde cualquier lugar y momento o, de manera más subrepticia, desde el poder hipnótico de sus imágenes, capaz de mover las emociones de las masas. Mauricio Durán Castro examina en este libro esta doble potencia del cine, como una creación que le permite al hombre moderno ampliar su mirada científica y filosófica y, a la vez, atrapar su inconsciente. De esta manera, el cine, con sus creadores y sus espectadores, es estudiado desde las ideas de máquina de guerra, aparato de control, dispositivo de visión y autómatas. Este acercamiento crítico invita a revisar la obra de cineastas como Dziga Vertov, Jean Epstein, Sergei Eisenstein, Alfred Hitchcock, Roberto Rossellini, Stanley Kubrick, Alain Resnais, Jean-Luc Godard, Harun Farocki o Chris Marker, a partir de las conceptualizaciones de importantes pensadores del siglo XX, como Gilles Deleuze, Félix Guattari, Walter Benjamin, Michel Foucault, Giorgio Agamben y Henri Bergson.
