Chains May 14 2021 From acclaimed author Laurie Halse Anderson comes this compelling first novel in the historical middle grade The Seeds of America trilogy that shows the lengths we can go to cast off our chains, both physical and spiritual. As the Revolutionary War begins, thirteen-year-old Isabel wages her own fight...for freedom. Promised freedom upon the death of their owner, she and her sister, Ruth, in a cruel twist of fate become the property of a malicious New York City couple, the Locktons, who have no sympathy for the American Revolution and even less for Ruth and Isabel. When Isabel meets Curzon, a slave with ties to the Patriots, he encourages her to spy on her owners, who know details of British plans for invasion. She is reluctant at first, but when the unthinkable happens to Ruth, Isabel realizes her loyalty is available to the bidder who can provide her with freedom.

Chains Oct 31 2022 When her owner dies at the start of the Revolution, a greedy nephew keeps Isabel and her younger sister enslaved and sells them to Loyalists in New York, where Isabel is offered the chance to spy for the Patriots.

It turns out that Mount Majestic, the rising and falling mountain in the center of the island, is not really a mountain - it's the belly of a sleeping giant! The question is, will she be able to do it?

The Gospel of Winter Jan 28 2020 "In a lyrical and hard-hitting exploration of betrayal and healing, the son of a Connecticut socialite comes to terms with his abuse at the hands of a beloved priest" (Kirkus Reviews, starred review). As sixteen-year-old Aidan Donovan's fractured family disintegrates around him, he searches for solace in a few bumps of Adderall, his father's wet bar, and the attentions of his local priest, Father Greg—the only adult who actually listens to him. When Christmas hits, Aidan's world collapses in a crisis of trust when he recognizes the darkness of Father Greg's affections. He turns to a crew of new friends to help make sense of his life: Josie, the girl he just might love; Sophie, who's a little wild; and Mark, the charismatic swim team captain whose own secret agonies converge with Aidan's. The Gospel of Winter maps the ways love can be used as a weapon against the innocent—but can also, in the right hands, restore hope and even faith. Brendan Kiely's unflinching and courageous debut novel exposes the damage from the secrets we keep and proves that in truth, there is power. And real love.

The Seeds of America Trilogy Jul 16 2021 What would you risk to be free? It's 1776 and Isabel, Curzon, and Ruth have only ever known life as slaves. But now the young country of America is in turmoil—there are whisperings, then cries, of freedom from England spreading like fire, and with it is a whole new type of danger. For freedom being fought for one isn't necessarily freedom being fought for all...especially if you are a slave. But if an entire nation can seek its freedom, why can't they? As war breaks out, sides must be chosen, death is at every turn, and one question forever rings in their ears: Would you risk everything to be free? As battles rage up and down the Eastern seaboard, Isabel, Curzon, and Ruth flee, separate, fight, face unparalleled heartbreak and, just like war, they must depend on their allies—and each other—if they are to survive. Which leads to a second, harrowing question: Amidst so much pain and destruction, can they even recognize who their allies are?

Speak Sep 29 2022 The extraordinary, groundbreaking novel from Laurie Halse Anderson, with more than 2.5 million copies sold! The first ten lies they tell you in high school. "Speak up for yourself--we want to know what you have to say." From the first moment of her freshman year at Merryweather High, Melinda knows this is a big fat lie, part of the nonsense of high school. She is friendless, outcast, because she busted an end-of-summer party by calling the cops, so now nobody will talk to her, let alone listen to her. As time passes, she becomes increasingly isolated and

practically stops talking altogether. Only her art class offers any solace, and it is through her work on an art project that she is finally able to face what really happened at that terrible party: she was raped by an upperclassman, a guy who still attends Merryweather and is still a threat to her. Her healing process has just begun when she has another violent encounter with him. But this time Melinda fights back, refuses to be silent, and thereby achieves a measure of vindication. In Laurie Halse Anderson's powerful novel, an utterly believable heroine with a bitterly ironic voice delivers a blow to the hypocritical world of high school. She speaks for many a disenfranchised teenager while demonstrating the importance of speaking up for oneself. *Speak* was a 1999 National Book Award Finalist for Young People's Literature.

The Nonverbal Communication of Melinda in Laurie Halse Anderson's "Speak" Aug 17 2021 Essay from the year 2017 in the subject English Language and Literature Studies - Literature, grade: 1,3, University of Paderborn (Institut für Anglistik und Amerikanistik), course: Essay Writing, language: English, abstract: One cannot not communicate. Of course, communication does require words that are spoken, but there is more to it than that, such as intonation, the speed of your language, breaks, laughter, sighs, your appearance and your body language. According to Paul Watzlawick, any kind of behavior belongs in the category of communication. Since it is not possible to not behave, it is also impossible to not communicate, even without words. Needless to say, the spoken word is what most conversations depend on and which represents a major part of communication. However, language is not innocent and has often been used by many people to manipulate or offend someone else. People with a low self-esteem often appear quiet and hardly share their actual opinion. They fear the negative consequences that could occur after saying something critical. Also, they neither believe in themselves, nor that anyone cares about what they say. The issue of a low self-perception forms a major idea of Young Adult Fiction which is the genre that particularly addresses the youth as it copes with subject matters adolescents can relate to. The author of *Speak*, Laurie Halse Anderson, positions the main character Melinda very clearly towards communication in the beginning of

the book with the following statement: “It is easier to not say anything. Shut your trap, button your lip, can it. All that crap you hear on TV about communication and expressing feelings is a lie. Nobody really wants to hear what you have to say.” Not speaking even if you were able to means breaking up with the ability of communication and severing all your contacts. This is how the character Melinda completely isolates herself from her surroundings when she is not speaking which is a consequence to the trauma she suffers after being raped. Anderson makes Melinda avoid most trouble and public embarrassments and puts her into a state of shock. Although Melinda’s inner voice often appears very sarcastic and humorous, she hardly speaks to other people around her. Still, the reader is a witness to the events in Melinda’s everyday high school life and learns a lot about her life only from the images that Anderson is describing in each chapter. Through a reference structure, the author makes sure that the reader constantly perceives Melinda’s wellbeing on different levels when she creates images and atmosphere rather than telling the actual meaning of certain subjects.
