With over 100 years of providing world-class accounting and finance qualifications, the ACCA has significantly raised its international profile in recent years and now supports a BSc (Hons) in Applied Accounting and an MBA. As well as widening your knowledge of the core taxes, you will need to study inheritance tax, stamp taxes and trusts for the first time. In this paper you will also be expected to comment on ethical issues. In Paper P6 all of the questions set will be scenario type questions as opposed to the purely computational questions that you met at Paper F6. The emphasis of the questions will be on the interpretation of a given situation. You may need to propose alternative strategies and compare and contrast the results. Marks will be specifically awarded in the examination for the demonstration of effective communication skills. You will also need to demonstrate that you are aware that there may be non-tax matters that should be taken into account. The important point about this paper is that you need to develop your application skills. The best way to do this is to practise as many exam standard questions as possible. BPP Learning Media's P6 FA2008 Practice and Revision kit allows you to do just this. The Practice and Revision kit is new and has been specifically written for this paper. Most of our questions are exam standard, although some are preparation questions which ease you into the topic you are studying. Questions are grouped into topic areas so that you can easily identify those that cover particular areas. Our detailed solutions often provide top tips, advice on how to approach the question or advice on gaining easy marks. There is also a reference so that you know where the topics concerned are covered in the study text.
